HORATIO S. PINGREE.

He Passes Away in London After a Long Spell of Sickness.

THE FAMOUS MAYOR

He Visited South Africa and Saw the Boers As They Were—Intended to Write a History of Them But Death Stepped In.

New York, June 19.—A special to the Commercial and Advertiser quotes W. T. Stead on the death of ex-Governor Pingree of Michigan, as follows:

"Ex-Governor Pingree of Michigan, the one time famous mayor of Detroit, lies dead at the Grand Hotel in London. Pingree returned to London from the continent after a brief and eventful visit to South Africa, carrying with him a sentence of death.

"He was conscious up to the last of everything but his approaching departure. He knew he was weak and ill but longed to return home to his own people. From time to time he gave orders as to packing his trunks in order that he might start at once without delay.

"He had been attended constantly all day by his son, Hazen Pingree, who did everything he could in the way of personal tenderness or procuring the best advice in London, but nothing doctors could do to arrest the disease. They say his weakness dated a long time back, as long indeed as the time when he lay captive in a Confederate prison in the great civil war, but its acute form was in Dresden. He was making a tour of the continent with a view of development of America's export business. On his arrival in London he was ailing rather badly, but it seemed so little to occasion alarm that his secretary and traveling companion, Colonel Sutton, deemed it safe to return home with his son. The dysentery, instead of getting better, grew worse. Sir Thomas Barlow was called, but was unable to check the fatal disease, from which he was suffering. It was accompanied by ulceration and the physicians could not stop it. To his ailment was added peritonitis, which the strength of the patient was unable to rally from. His career was one of the most notable of Americans, a man who for strength of character, firmness of purpose, indomitable energy and immense purpose, an example to two worlds.

"Pingree had an extremely interesting experience in his brief visit to South Africa. He went out armed with recommendations from Chamberlain which enabled him to pass everywhere freely through the English lines. When he left London he was fed with all the calumnies on the Boers which have been resorted to, to palliate the intended extermination of the republics. But the moment he got to South Africa the scales began to fall from his eyes.

"Recommendations from the colonial office enabled him to penetrate regions hermetically sealed to the ordinary civilian. Accompanied only by his secretary he penetrated into the heart of the seat of the war and soon had an opportunity of making the acquaintance of the Boers at the first hand. Extraordinary though it may be, he was able to lunch in the British camp in the morning and dine with the Boer commando in the evening. He found to his astonishment that the Boers were by no means so black as they had been painted. They were by no means devoid of human intelligence, they dressed and washed like civilized beings, welcomed with generous hospitality the traveling American who found them far from extremists.

"The commandos he visited were all well clothed and well armed, every man possessing at least two horses, with good reserve of ammunition. They are so far guarding it, no doubt, but they still have stores of Mauser cartridges to fall back upon, but for the present they are doing all their fighting with Lee-Metfords and cartridges, which they supply themselves with from the British stores.

"It was impossible that such a man as Pingree could fail to be deeply touched by the spectacle of these heroic burghers maintaining their struggle against overwhelming odds for their republic. He found no difficulty whatever in traversing the hostile lines, he drove in a Cape cart with his secretary and son riding bicycles as an escort. It was somewhat perilous for them for the Boers have the disagreeable, although natural habit of shooting all bicycle riders on sight, for with them the cyclist and British dispatch riders are synonymous terms.

"They came back unscathed. It is much to be regretted that in the interests of truth and justice so keen an observer should not have been restored.

for the return to his country to describe the Boers as he found them in a struggle that reminded him of the episode of the war of independence.

Nothing Could Be Decided.

Paris, June 19.—M. Dupuy, minister of agriculture, has informed the deputation of senators and deputies from the sugar growing departments that as the sugar bounty question was international, nothing could be decided on the subject before the Brussels conference reassembled.

STRIKE ARBITRATION.

Mr. Driscoll Urges Pressmen to Adopt Such a Measure.

Washington, June 19.—Frederick Driscoll, commissioner of the American Publisher's association, made an address here before the International Printing Pressmen's union. He urged the adoption of arbitration for the settlement of all differences. The practice of conciliation in making new scales and the right of the publishers to be heard in all cases was thoroughly right.

Chairman Bowman responded on behalf of the association expressing the hope that action would be taken on the lines of arbitration suggested by Mr. Driscoll.

The address was referred to the committee on laws.

A number of amendments to the constitution of the union were suggested and referred to committees. It was decided that the pressmen would not hereafter join any state national guard organization on the ground that they believe in utilizing the power of strikes and that they had no system with the state interference during labor troubles.

Case Made Stronger.

Eldorado, Kas., June 19.—It is considered that the state's case against Jessie Morrison has been made stronger at this trial by introduction as evidence of several slips of paper upon which Mrs. Castle wrote as she lay on her dying bed. An important witness was Emma Wharton, daughter of the Methodist minister, who attended Mrs. Castle. She testified that after Mrs. Castle had read her dying statement, she was asked whether or not it was true. "She nodded in the affirmative," said the witness, "and lifting her right as one taking an oath."

Placarding Cape Colony.

Molene, Cape Colony, June 19.—Generals Kristsinger and Fouche the Boer commanders, are busy placarding Cape Colony with a proposition to the effect that in accordance with the powers as assumed when the country was made a part of the colony, any person representing the whereabouts of a Boer commandant could demand £50, or in default will be compelled to accompany the commandant on foot for three months. According to the information there are about 2100 armed Boers in Cape Colony and they continue to secure a few recruits.

Kruger Will Not Concede.

London, June 19.—The Sun which has long heretofore been over reliable on this subject hears that Mr. Kruger has actually cabled to General Botha declining to concede anything and that in consequence of this decision General Botha and the commandants agreeing with his peace views have decided to repudiate Mr. Kruger's authority and a further consultation with Botha's representative and General Kitchener will be arranged for next week.

Physician Assassinated.

Middletown, Ky., June 19.—Unknown parties assassinated William L. Smith, a prominent physician, while he was on his way to Buchanan, Va. Smith lives at Pleasant Hill where John Henderson was killed Sunday in a fight. The trouble started about a week ago between the sons of Smith and Henderson, who took up their boys' quarrel. The fight ended in the death of Henderson. People are armament and more bloodshed is feared.

Charged With Murder.

Hot Springs, Ark., June 19.—The coroner's jury holds Mrs. Bessie Ware responsible for the death of her husband John D. Ware, who was shot and killed in his bed last Friday night. A warrant has been issued charging Mrs. Ware with murder, but she has not yet been arrested owing to her extreme nervous condition.

Damaged by Cloudburst.

Richmond, Va., June 19.—A cloudburst near Harrisonburg Saturday night did \$50,000 damage. Many houses were washed away, stores flooded and stocks damaged. Albert Holbert and Miss Etta Revercomb were drowned in Beaver creek near Harrisonburg. Wash McCormick, a ferrymen at Cascie, on the James river, was drowned by the boat washing away with him.

Want Injunction Dissolved.

Chicago, June 19.—Harlem race track people applied to Judge Stein in the superior court here to dissolve the injunction issued Monday by Judge Holden preventing poolselling and bookmaking at the Harlem track. The application will be argued next Monday.

Kennedy to Be Released.

Negro Lynched.

New Orleans, June 19.—Abe Barrett, the negro who assaulted a white girl at Gulfport, was captured and lynched. He was taken to the scene of the crime, identified and confessed and was strung to a tree half a mile from the Mississippi town in broad daylight.

The Hottest Place.

Alleton, Tex., June 19.—For three days the weather here has been well-nigh intolerable. The thermometer registered 110 in the shade. Rain is badly needed.

Drowned While Bathing.

Waxahachie, Tex., June 19.—Word was received here of a death which occurred 12 miles south of here Saturday evening. Ferdinand Roberts, about 18 years of age, while bathing with some companions in Chambers Creek, was seized with cramps and was drowned.

TO CONTEST HIS WILL.

Rumor Says Princess Hatzfeldt Is Going to Contest Huntington's Will.

San Francisco, June 19.—Ever since mention was made several months ago that a secret search has been made of the records of Sacramento county to determine if there was a record of the adoption of Princess Hatzfeldt by the late Collis P. Huntington, there have been persistent rumors the princess was in contemplation of a contest of the railroad builder's will. These rumors have been revived by the arrival of Prince Hatzfeldt and Princess Hatzfeldt on this coast and the fact that the princess has gone to Sacramento ostensibly to visit her mother. The princess, however, disclaims any intention of beginning the contest.

Such a contest would present an unusual difficulty, for in order to have the will declared invalid, it would be necessary to show Huntington was of an unsound mind at the time he made the will or that he was under undue influence or that the will was forged. Mrs. Clara Prentiss, mother of the princess asserts that it is stated she signed a document relinquishing her authority over her daughter and that Huntington legally adopted the child. No record of this adoption has been found, however. Gossip goes so far as to say the contest proceedings will be begun simultaneously in this city and New York.

To Arouse Sympathy.

New York, June 19.—The meeting at Queens hall, in London tonight which is to be addressed by the Cape Colony delegates, Messrs. Merriman and Sauer promises to be a lively one says The Tribune's London correspondent. The Daily Mail has been conducting an active campaign against the proposed demonstration of sympathy with the Boers, and on the stock exchange circulars have been prominently posted calling on patriots to attend in thousands and support their fighting brethren in South Africa. An organized attempt will probably be made to break up the meeting.

The Emperor's Deduction.

Cuxhaven, June 19.—At the conclusion of the regatta held Tuesday on the lower Elbe, dinner was given on board the Hamburg-American yacht Victoria Luise, at which Emperor William told his hearers that he deduced from recent events in China the guarantee of the peace of Europe was assured for long years to come, because of the mutual esteem and spirit of comradeship created by the united action of the allied contingents.

No Good Site.

Managua, Nicaragua, June 14.—The engineers of the Isthmian Canal commission, after having made borings, condemned two of the proposed sites for a dam across San Juan river in the event of the inter-oceanic canal being constructed, but have not discovered any proper and convenient site. At this point a stratum of rock extends across the river a few feet below the bank and extends into the banks on each side.

Provisions Modified.

Manila, June 19.—The United States Philippine commission has modified the provisions of the law providing for the use of Spanish language in the courts for five years, by permitting the proceedings to be conducted in English and native dialects, to be translated into Spanish unless the litigants stipulate otherwise. In the latter case the records are to be written in both languages.

Woman Found Dead.

Greene, Ia., June 19.—Mrs. Louis Gusse, living seven miles southwest of here, was found in her house dead and partially burned; one leg being burned off. It is supposed she was murdered and the house fired, as kerosene and feathers were scattered over the floor. She had been married but a short time and it is said there had been considerable domestic trouble.

All Departments Filled.

Dayton, June 19.—The National Cash Register works resumed work here with all the departments filled except molders, carpenters and machinists. There were 500 men outside of the regular employees at the main entrance seeking work in the various departments. One thousand eight hundred employees are now at work.

Writs of Prohibition Absolute.

Jefferson City, Mo., June 19.—The supreme court has made absolute the writs of prohibition issued against the judges of the St. Louis courts who ordered a recount in four contested election cases. In deciding the cases the supreme court declared if the order of the judges was compiled with, the secrecy of the ballot would be violated.

Constitutional Convention.

Montgomery, Ala., June 19.—Consideration of the executive department of the proposed new constitution was resumed in the constitutional convention. The section making the governor ineligible to United States senatorship was adopted with little debate, as also the section forbidding the governor appointing members of the legislature to office.

Lipton Undecided.

London, June 19.—It is not probable Sir Thomas Lipton will accept the offer made by the American magazine for a \$5000 cup race over the same course after the American cup race. He has, however, left the whole matter in the hands of Commodore Lewis Cass Leydard.

Philip Jones Dead.

New Orleans, June 19.—Philip Jones, a farmer, who resided in Dallas, Tex., died on the Texas & Pacific train as it was entering the city.

GIVEN 500 LASHES.

Watson Was Taken Out and Severely Whipped for False Testifying.

Little Rock, June 19.—A special from Camden says that Tom Watson who, with his wife, swore that the negro Will Bussey, had committed an assault on Mrs. Watson, was taken out by a committee of the best citizens of Camden Tuesday night and given 500 lashes. The affidavit of Watson and his wife was the means of Bussey having been sentenced to hang the latter part of this month, but about three weeks ago Mrs. Watson made a written statement confessing that she had sworn falsely against Bussey, and on hearing this Governor Davis suspended the sentence imposed on Bussey.

The confession so incensed the citizens that they decided to punish Watson, whose wife swore that she was compelled by him to testify against the negro.

At the conclusion of the lashing Watson was placed on a train going south and was given instructions not to stop in Arkansas, which it is hardly probable that he will do.

FIRE AT GREENVILLE.

One Business Block Destroyed and Robbers Steal the Goods.

Greenville, S. C., June 19.—A fire which broke out in a bakery early Tuesday morning destroyed an entire block in the heart of the business portion of this city. The loss will probably reach \$75,000. The fire at one time threatened the entire business section of Greenville. In order to save the stocks in the buildings near the fire the goods were carried to the streets, while the people were fighting the flames negro thieves were discovered looting the goods in the streets. The thieves were being augmented by a mixed crowd of whites and blacks when the Greenville light infantry was hurried to the scene. The militiamen and the police preserved order.

The Western Union Telegraph office was destroyed and communication with the outside world was interrupted. The principal losers are: Beatty building \$20,000, insurance \$15,000; Smith and Bristol clothing \$25,000, insurance \$16,000; Avery Patton, groceries, \$10,000, insurance \$8,000; J. E. Bruns and Brothers, jewelry, \$25,000, insurance \$21,000.

Reynolds & Earl's stock of drugs was entirely destroyed and there are many minor losses.

Found Dead.

Dallas, June 19.—Mrs. Katie Nuss was found dead in her room at her home 140 Texas street, Tuesday afternoon about 6:30 o'clock. The body was lying on the bed the shoes having been removed. A bullet had entered the mouth and passed through the back of the head. The husband and son of the deceased left the house early to go to work, remaining away all day. A pistol shot was heard about 9 o'clock by several of the neighbors, but was not located. The body was not discovered until the members of the family returned from work. She was 59 years of age and a native of Germany. She moved to this city in 1884.

Cotton and Corn Leveled.

Frost, Tex., June 19.—A heavy wind and hailstorm passed about two miles south of here Tuesday evening. It did a great deal of damage about the middle of its path, which was about two miles wide. Corn and cotton were almost ruined. Reliable men say in some fields there is nothing left but the butt end of cornstalks. The Jones ranch house was blown over and wrecked. The rain was light and will not do much good.

Wrecked the Train.

Athens, Tex., June 19.—Sheriff Williams brought in two boys, 7 and 10 years old, who acknowledged placing obstruction on the Texas and New Orleans railroad track that wrecked the work train several days ago and killed one negro and injured a number of white men. Their father is a farmer who lives near the Texas and New Orleans railroad about seven miles east of here.

Reformatory Crusade.

Tyler, Tex., June 19.—A mass meeting of several hundred citizens, both ladies and gentlemen, was held at the courthouse for the purpose of taking steps toward stopping gambling by boys in Tyler and closing saloons on Sunday. Resolutions were passed and committee of 15 gentlemen and 15 ladies appointed to co-operate with officers to see that laws are enforced. The people are aroused over the lax enforcement of the laws.

Damage at Campbell.

Campbell, Tex., June 19.—A heavy rain fell here Tuesday, which was badly needed. It was accompanied by hail and a heavy wind. The wind damaged the corn crop badly, blowing it flat. It also blew down several barns, smokehouses, sheds, etc., besides one residence in town. One man reports his horse blown over a fence and set down unharmed.

Killing at Leon.

Ardmore, I. T., June 19.—Meager particulars of a killing at Leon reached Marshal Hammer's office. It seems that Joe Briscoe was shot and killed. J. P. Williams came in and surrendered. He was placed in jail. Self-defence is claimed.

Almost a Tornado.

Blooming Grove, Tex., June 19.—A heavy hailstorm, accompanied by a high wind, swept over the west end of Navarro county Tuesday evening. Crops were badly beaten down. The gin at Lone Cedar was damaged by a tornado. At Cross Roads a dwelling was wrecked. So far as known no one was injured.

Phillip Jones Dead.

New Orleans, June 19.—Philip Jones, a farmer, who resided in Dallas, Tex., died on the Texas & Pacific train as it was entering the city.

The county commissioners, in session at the court house reviewing the assessor's rolls, find that in the face of short crops last year, the boll weevil, and other calamities, the taxable value will go this year to the five million mark—a big increase over last year, and the biggest assessment in the history of the country. This shows that old Brazos is on the up grade and is patifying intelligence. The court will get through by Saturday, and in cases where they think advisable will cite parties to appear before them on the 1, 2 and 3 of July.

Lawn Party.

Miss Sophie Wilson of Belton, a school friend, is the guest of Misses Mary and Nellie Rohde. Tuesday evening the Rohde home was opened to the young people in honor of Miss Wilson. The beauty of the rooms was enhanced by cool looking and artistic arrangements of flowers and vines, while the lawn was bountifully supplied with colored lanterns and settees. A delightful fruit punch was dispensed by Misses Aileen Rohde and Lois Reynolds. Music also added to the pleasures of the evening and some of the best numbers were furnished by Miss Lorraine Reynolds of Franklin. Cream and cake were served on the lawn at 11 o'clock and the hour of midnight chimed before the large crowd began to break up. Mrs. Rohde assisted her daughters in making the young people enjoy themselves, which they did to the fullest extent.

HAD A HARD FIGHT.

State Rangers and the Mexican Murderers Come Together.

POSSE IS IN PURSUIT

One Killed, One Captured and the Third

Escaping—Mexicans Steal Fresh
Horses to Make Their Escape From Texas.

San Diego, Tex., June 19.—The posse under State Ranger Sanders encountered the men who killed Sheriff Morris and Glover about ten miles northwest of Benavides this morning and had a hard fight, killing one and capturing one and a third escaping badly wounded. The posse will arrive with the dead and the wounded prisoner. Jose Melendez is the name of the man who was killed, Tofilio Gonzales that of the man captured and Tibureo Benavides the man who escaped. The posse is in pursuit of the latter.

Laredo, Tex., June 19.—News by wire has just reached here that Captain Brooks' company of state rangers had a fight with the Mexicans who are supposed to be guilty of the assassination of Sheriff Morris of Karnes county and Sheriff Glover and Constable Schmabel of Gonzales county. The commander of the company was wired that four horses had been stolen Sunday night at Campbellton, in Atascosa county, and that the riders were headed for the Rio Grande. Of course his company were at once put on the lookout; and the information is to the effect that a detachment of the company ran across four Mexicans riding horses that suited the description of those stolen at Campbellton at the Bordas ranch, which is about 98 miles from here. A running fight ensued, in which one Mexican was killed, one wounded, one captured and one escaped.

The details are unobtainable, but that a fight did occur is evidenced by the fact that a coroner left for the scene in order to hold an inquest.

Later information reached this city that Captain Rogers of the state rangers, Private Ranger Sanders and two under officers captured three Mexicans and a fight took place, one Mexican being killed, one being taken and the third escaping. Captain Rogers and party are in pursuit of the third man of the gang.

Captain Rogers is coming to Laredo on the first train to intercept them.

The county clerk of Karnes county has been wired to send men to identify the Mexican killed and the one captured.

Governor Pingree Dead.

London, June 19.—Ex-Governor Pingree of Michigan died here Tuesday night. His son was only present at the time. The attending physician left the bedside promising to return soon. The son was watching at his father's side for four days and has not removed his clothes during that time. Young Mr. Pingree has wired his mother and his uncle in the United States not to come to London. The body of the late Mr. Pingree will be embalmed and taken to his home.

The diagnosis made by London's specialists on the disease from which Mr. Pingree had suffered left no possible chance for his recovery. Mr. Pingree suffered great pain. His mind however, remained clear. He was practically kept alive by injections of strichnine and drugs administered to him.

Oklahoma Wheat Crop.

Guthrie, O. T., June 19.—Considerable wheat is being thrashed in this country this week and the yield is averaging 25 bushels per acre. C. H. Filson marketed the first wheat here, the grain being of the best and running 60 pounds per bushel and the yield running 26 bushels to the acre. J. R. Dillard thrashed 40 acres running 26½ bushels per acre. Miller Bros., who have 7000 acres on 101 ranch, will start four thrashing outfits. They have been running 26 binders constantly for about a week.

Peach Crop Ruined.

Atlanta, June 19.—According to State Entomologist Scott, peaches in south and middle Georgia are rotting very fast as

a result of excessive rain for the last three weeks. Assistant Commissioner of Agriculture Wright said: "We have received reports from every county in the state and the peach crop is said to be nearly ruined. Not only is the peach crop in poor condition, but cotton, melons and canteloupes are also in a very bad condition. It is reported lice have infested the cotton and the heavy rains have caused it to turn yellow. The outlook now is the worst seen in Georgia in a number of years."

It Was Jacob Miner.

New Orleans, June 19.—The unknown man who suicided last Thursday night on Jackson Square in this city turns out to be Jacob Miner, a retired cigar manufacturer and dealer of New York City. Jacob Miner, son of the suicide, and Albert Goser, son-in-law, came here from New York in search of Miner and fully identified the effects in the coroner's office.

NEWS IN BRIEF.

Mr. Van Horne Is Satisfied With the Work Progressing in the Island.
Santiago de Cuba, June 19.—Sir William Van Horne, chairman of the board of directors of the Canadian Pacific Railroad company, who has been in Cuba for some time past supervising his railroad interests in the island, sailed for Boston on a fruiter. He said he was greatly pleased with the progress of railroad construction in Cuba. He never seen better results considering conditions, and was well pleased with the Cuban and Spanish labor which was better than anticipated. Sir William expects to complete his road between Santiago and Santa Clara within a year, which will give connection with Havana and all other parts of the island. He is satisfied with the prospect of safe government and thinks the outlook better than ever for his great enterprise.

THE NEGRO QUESTION.

Mr. Clayton Says the South Is Not Afraid to Grapple With It.
New York, June 19.—Henry D. Clayton of Alabama, one of the Democratic leaders of the house and member of the Democratic national committee, is quoted in a Washington special to the Tribune as follows, concerning the general movement in the disfranchisement of the negroes:

"We of the south are not afraid to grapple with this negro question as it should be grappled with. Democratic supremacy has been maintained in the south of negro suffrage: that supremacy will be all the more secure when the blacks are wholly disfranchised as in Mississippi, Louisiana and South Carolina. As to the reduction of our representation in congress and the electoral college, because of negro disfranchisement, I regard that as political bluster, pure and simple."

"Lucky" Baldwin Sick.

San Francisco, June 19.—E. H. Baldwin, widely known as "Lucky" Baldwin, winner of three American debries, is in a private hospital very sick. He was taken ill in Seattle when about to embark for Nome, and was compelled to return to San Francisco.

Conference for Revision.

Berne, June 19.—President M. Brenner, announced here at a meeting of the bundesrat that most of the signatories including the United States, had accepted the invitation to a conference for the revision of Geneva convention. He hoped the delegates would meet in 1902.

Headed for Mexico.

Austin, June 19.—D. H. Hart, clerk of the United States court, returned from Brownsville, on the Mexican border, and he stated that it is believed there the Mexican is headed for Mexico. Several companies of rangers are searching the border. The people there are highly wrought up over the murder and have threatened to not only lynch the murderer, but all other Mexicans whom they believe are connected with the killing. That part of the country is composed chiefly of Mexicans and serious riots may result.

Posses Have Returned.

Austin, June 18.—The posses from here that have been searching the country for Gregorio Cortez, the Mexican who killed Sheriffs Morris and Glover, have returned as they do not believe he is in this part of the country.

The Verdict Affirmed.

Austin, Tex., June 19.—The case of Henry Randell of Harris county who was given the death penalty from Harris county for the murder of Lulu Davis was affirmed in the court of criminal appeals. The court held that Juro Eiseman was not disqualified because the question of being a property owner was not asked him by the court. The court says it was a cold-blooded murder and the conviction was just and deserves the highest penalty.

Two Bills Passed.

Harrisburg, Pa., June 19.—The house passed finally on special orders two bills supplemental to the rapid transit acts signed by the government recently. These bills were introduced and passed in the senate last week and they now go to the governor for his action. One constituting the governor, secretary of state and attorney general a board to pass on two applications for rapid transit franchises, was attacked by several anti-administration Republicans and Democrats.

Bigamy Proceedings.

New York, June 19.—There is much talk among British lawyers, says The Tribune's London correspondent, respecting procedure of the bigamy case if the preliminary proceedings are followed by a commitment by the magistrate and an indictment by the grand jury.
